The Honorable Wendy Greuel  
Councilwoman, District 2  
Los Angeles City Hall  
200 North Spring Street, Room 475  
Los Angeles, CA 90012

RE: Verdugo Hills Golf Course Draft Environmental Impact Report

Dear Councilwoman Greuel,

Upon recommendation by the STNC's Land Use Committee meeting held on January 5, 2009, the STNC board hereby supports their request that a 90 day comment period be requested by the City for the upcoming Draft Environmental Impact Report to be released mid February regarding the Verdugo Hills Golf Course proposed development.

The STNC intends to host several meetings to inform the community of the Draft EIR and encourage comments to the City as they relate to the various impacts the proposed developments may impose upon the community and the environment.

We look forward to your reply to our request and working with your office staff.

Sincerely,

Dan McManus  
President
