

Final Survey LA Recommendations

for Sunland/Tujunga, Shadow Hills, East La Tuna Canyon, & LVT

Recommendations

Research historic ordinances and ICO's for other cities, and see if there is anything useful that might be applied to Sunland-Tujunga.

LUC/STNC should start huge recruiting effort to get people who will: inform and survey owners, research/fill out/submit monument applications.

Sponsor and man booth at Farmer's Markets in Tujunga and Montrose.

Create and distribute mailing with info on benefits of historical monument status – send to owners of prospective properties. Include how to do it with links to resources, and must also include disadvantages.

Get ICO pushed through.

Get someone to watch real estate listings.

Get conservancy district for Tujunga – less restrictive and possibly easier to get accomplished than HPOZ.
