

Sunland Tujunga Neighborhood Council Special General Board Meeting Minutes

January 8, 2025, 7pm

This meeting is being held by the Sunland-Tujunga Neighborhood Council using teleconferencing pursuant to Government Code Section 54953.8(a)(2)(B).

1. **Call to Order, Welcome - Lydia Grant, President, 7:03 pm**
 - a. **In Memory of Mercedes del Castillo.** Lydia shared her experiences with Mercedes who was a great support to the STNC. Mercedes was very involved with National Night Out and would often pay for meals for people at Crow's Nest among other things. A moment of silence was observed for Mercedes.
2. **Pledge of Allegiance,** led by Leny Freeman.
3. **STNC President's Updates**
 - a. **Los Angeles Fires**
 - A discussion about the on-going fires in the City took place. Lydia share that she drove to see the fire(s) personally and gave an update about what the predicts were for the fires going forward, including the Eaton (Altadena) fire, the Lidia fire, a fire at Sylmar in the Hollywood Hills, and at Action and Angeles Crest. Lydia noted places that were saved (to date) including JPL, and some losses as known, and the current death toll in Altadena (5). Lydia said that for egress, bike bollards should be removed. Lydia discussed where current shelters are identified and commented on whether some would accept animals (pets) or not. If schools evacuate, it is recommended that the child be picked up quickly, within an hour. Past experience was that the children not claimed where taken to a school a distance away. Lydia commented on the loss of power for some of the community. Karen asked about how people would get a notice to vacate if they had no power or internet. Lydia said the City would call with a warning first for evacuation and possibly a mandatory notice would follow.
 - Jon reminded us to think of aged neighbors and if anyone ssee smoke, report it immediately (911).
 - Lydia commented that in her travels she saw a fire in a trash can with flames 7-10 ft high, and she called 911 to be told there was no fire-fighting personnel available and that Lydia should take care of it herself. With the help of others using water, the fire was extinguished. There was a pressurized paint can in

the bin which could have resulted in an explosion. This will be an agenda item to discuss in the future. Jon agreed with Lydia that we don't have an evacuation plan and we need to structure one ourself and not depend on City.

- Lydia's said that the local area ran out of gas and advised to keep cars fully fueled. Lydia contacted Barger's Office and said it isn't in their jurisdiction, but Lydia noted that cars that run out of gas and became stranded would be their problem; this needs to be discussed further. Lydia expressed concern about fires that could impact us and said that the entire Angeles Forest has been shut down.

- Voting eligibility** was discussed with Lydia noting that everyone in attendance is qualified to vote; Armen has finished his training. People should apply to positions they are interested in as soon as they can. May 17th is our STNC election date. A Plan will be provided for review; STNC has already gone over the draft Plan. Lydia wanted to know who is *not* planning to continue next year; no one identified themself.
- Board Vacancies:** Region 2 Representative & Region 4 Representative, Lydia read districts for Region Reps and noted we are still in need of Representatives.

- Announce any Board member recusals or paid lobbyists in attendance** - none
- Upcoming Community Events:** - Annual Homeless Count is January 21, 2025 - sign up at <https://count.lahsa.org/>. Lydia commented about the Homeless Count that will provide numbers about how many are homeless in our area.
- Roll Call, Voting Eligibility-** Karen Moran, Recording Secretary & Completion of City / DONE Required trainings status for the STNC board & committees

10. **Discussion: Outreach Plan** for the STNC Election Outreach including print, social media, community groups, other. Cindy was not able to show the Plan at this time and Lydia said it will be shown at the next meeting.
11. **CONSENT CALENDAR ITEMS (NON-FUNDING) - MOTION:** The STNC Board approves the non-funding consent calendar:
 - A. Discussion/Motion: To approve December board meeting minutes.
 - B. Discussion/Motion: To add Karen Moran as Community Impact Statement submitter.
[currently Cindy Cleghorn, Carol Hutchinson and Jon von Gunten are submitters]
 - C. Discussion and Possible Action: Support for the LAFD Community Emergency Response Team (CERT) Program. Lydia read the following draft for the CERT letter. Lydia said our NC has more CERT people than anyplace else in the City; Lydia has taken it twice.

The Sunland-Tujunga Neighborhood Council strongly supports the Los Angeles Fire Department's (LAFD) highly effective Community Emergency Response Team (CERT) program. This invaluable program provides community members with essential training in disaster preparedness, equipping them with the knowledge and skills to respond effectively to emergencies such as earthquakes and other disasters. CERT-trained volunteers are uniquely prepared to assist themselves, their families, neighbors, and the broader community during critical moments, allowing the LAFD to focus their resources on the areas of highest need.

In addition to their preparedness role, CERT volunteers play a vital part in supporting the LAFD's routine and emergency responses. Some volunteers choose to advance their training further, joining specialized Call-Out Teams that provide critical support during major incidents.

This year alone, the CERT program has achieved remarkable milestones:

- **2,357 community members trained in CERT principles.**
- **2,700 participants instructed in Hands-Only CPR techniques.**
- **961 individuals trained in fire extinguisher use.**
- **940 hours of service performed by CERT Call-Out volunteers.**

These figures underscore the CERT program's profound impact on community resilience and preparedness. In the event of a city-wide emergency, the investment in CERT will prove invaluable, directly enhancing the city's ability to respond, recover, and rebuild.

Considering the ongoing risks of natural disasters and other emergencies, the Sunland-Tujunga Neighborhood Council urges city leaders to prioritize and continue funding the LAFD CERT program. This continued support will ensure the sustainability of this critical initiative, safeguarding the well-being and resilience of Los Angeles communities for years to come.

Item 11. Motion to approve the non-funding consent calendar items A, B and C.
