6. DISCUSSION/ACTION:

- **Land Use update re: SB79 - Council File # 25-1803** - City Planning Commission hearing held 5-14-26 and next goes to City Council (PLUM) - Commission approved the draft recommendation for the Low Rise Ordinance. They also approved 3 technical modifications which were last minute additions made by Planning. Exhibit 2B that added more density than Planning recommended was not supported by the Commission but will go to the City Council for consideration. Technical modifications: Approved by Commission

1. Rear yard setbacks were changed from 4 ft rear to 8 ft. **Better than 4 but not what we wanted**

2. A 15 ft rear yard setback could be offered as an incentive to meet the open space requirement. We had suggested this to Planning last week as a way to make a 15 ft rear yard setback attractive to developers.

Developers are required to offer open space for these projects. Rooftop use as open space is often a way developers meet that requirement. However, because rooftops are expensive to make available for this use, most developers don't like doing them. Offering open space credit for a 15 ft setback seemed like a good way to get this setback from developers. Planning agreed. This is voluntary but an attractive offer none the less.

We thank Planning for agreeing to add this modification.

3. Balconies could extend out to 5 ft in the front facade of the developments.

It was clarified today that any changes to SB 79 will impact this ordinance in the same way. **Reassuring!**
By mail notification was determined to be too expensive so it is currently not being considered! **Ridiculous!**
We need to keep pushing as this goes to the City Council and PLUM (Planning and Land Use committee).

7. **DISCUSSION/ACTION** New Land Use Projects:

a. 11162 Langmuir - DIR-2026-1982-SPPC filed 4/26/226 - New single family residence - Scenic Corridor Specific Plan

b. 10425 McVine - DIR-2026-1769 filed 4/9/26 - Lot Line Adjustments - New Duplex - Foothill Blvd. Corridor Specific Plan

8. FINAL ANNOUNCEMENTS - Next Land Use Committee Meeting - Review of previously approved projects and projects still pending with City Planning Department and other community improvement locations.
