RE: **Council File # 14-1500**

Dear Councilmembers:

We agree with the Los Angeles City Council Arts, Parks, Health, Aging and LA River Committee and are against the Recreation and Parks Commission recommendation favoring Live Nation to manage and operate **The Greek Theatre** over Nederlander Concerts that is currently successfully controlling the venue at a profit to the City.

The Nederlander / AEG proposal has the support of their local Neighborhood Councils and Property Owners Associations as well as over 35,000 stakeholders who have signed petitions, given public comment and written letters. It is imperative that community impact and support be included and weighed in the proposal process.

Thank you for your consideration,
