April 8, 2015

Dear Creative Economic Development Fund:

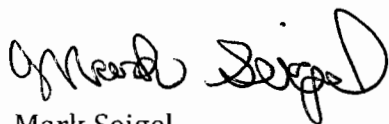

The Sunland-Tujunga Neighborhood Council supports Krystee Clark's proposal for a grant to write a book of photography and essays featuring Artists and Activists from our local community and the unique role they play in shaping the culture and economic growth of our City.

Ms. Clark is serving her second term on the Neighborhood Council and contributes videography and photography for both local and citywide events. Our Neighborhood Council was awarded the VANC Award for "Best Creative Use of a Website to Engage the Community". Krystee Clark was acknowledged for playing a key role in making that happen. Her videos and commentary on current events help keep our stakeholders updated. She writes articles for our local papers and has helped to establish a powerful Arts, Culture and Recreation Committee that engages many diverse segments of the community.

The Sunland-Tujunga Neighborhood Council is actively engaged in activities to make Foothill a leading candidate for the Los Angeles Great Streets Initiative. We believe this book will play a key role in the further unification and promotion of our unique and special neighborhood and bring attention to our common goals. This book will focus on key groups and individuals that have made an impact and excite the citizens of our community about the role they too can play in our economic development, our artistic community, and our environmental and cultural heritage.

We look forward to seeing this book become a reality.

Sincerely,

Mark Seigel
President

Sunland-Tujunga Neighborhood Council
