Update to a previous input: NO

Directed to: City Council and Committees

Council File Number: **22-0506**

Agenda Date: 05/11/2022

Item Number:

Summary: Sunland-Tujunga Neighborhood Council wholeheartedly supports the motion to transfer funding for the purpose of parking lot facility repairs to the McGroarty Arts Center. As a historic public site, the much needed maintenance is vital to the comfort and safety of those who attend classes and free events at the center. The deterioration is an increasing hazard, and whether driving, walking or traversing the grounds with the use of mobility aids, the parking lot is the initial access to this cultural jewel of the foothills. No one should be dissuaded from attending a public event or deprived of the privilege of gathering with others from the community as a consequence of dilapidation. For its value to our neighbors and the sake of preserving this historic site it is worthy of the expenditure.
